

# MICHIGAN HEALTH ENDOWMENT FUND

## 2022 BEHAVIORAL HEALTH INITIATIVE GRANTS

### **Arbor Circle**

Police Social Work | \$340,505

To support the addition of a police social worker to the City of Newaygo Police Department, who will assist community members with accessing behavioral health resources and services, help with mental health/substance-related crises, and help law enforcement process traumatic experiences.

### **Beaumont Health Foundation**

Integrated Care for Pregnant Women with OUD/SUD | \$500,000

To improve pharmacological therapy and mental health support for pregnant women in the antepartum period, during delivery, and up to a year postpartum with the goal of preventing or mitigating the risk of substance use relapse and postpartum mood disorder.

### **CARE House of Oakland County, Inc.**

Oakland County PSB Training | \$124,140

To provide evidence-informed, county-wide training to mental health clinicians and professionals to understand and reverse problematic sexual behaviors as well as mitigate the chances of involvement in the juvenile justice system.

### **Child and Family Charities**

Trust-Based Relational Intervention in Foster Care | \$416,457

To provide trainings in the evidence-based Trust-Based Relational Intervention as a tool to help foster/adoptive and biological parents learn to connect to their child through a trauma-informed, strength-based lens.

### **Great Lakes Recovery Centers, Inc.**

Improved Access to Behavioral Health Resources | \$178,456

To connect Medicaid, Medicare, and MI Health Plan users with behavioral health providers and resources through Care Convene, a virtual health platform.

### **Health Department of Northwest Michigan**

Seeding Success to Behavioral Health thru Cross-Sector Action | \$500,000

To increase access to behavioral health services and promote health equity through diverse partner involvement and resident voice in the Northwest Michigan Community Health Innovation Region.

### **Henry Ford Health System**

Increasing Access and Accuracy of ASD Screening | \$494,821

To streamline screening and automate referrals in five pediatric practices, reducing racial and ethnic disparities in autism spectrum disorder screening, referral, and access to treatment that is seen in nationwide data.

**Holy Cross Services**

Parent Partners | \$500,000

To implement the Parent Partner program, a behavioral health intervention designed to help children in foster care reunify safely and more quickly with their families.

**Jewish Family Services of Washtenaw County**

An Evidence-Based Approach to Refugee Youth Trauma | \$343,587

To extend the integrated care of Packard Health to include Jewish Family Services, promoting collaboration and communication among treatment providers and program staff.

**Kent Intermediate School District**

Student Perception Survey Statewide Consortia | \$500,000

To create and facilitate a statewide consortium of school districts committed to administering the Student Perception Survey, which measures students' perceptions of engagement, social-emotional learning, and diversity, equity, and inclusion.

**Lansing Area AIDS Network**

LGBTQ+ Mental Health Services in Greater Lansing | \$366,043

To address the lack of LGBTQ+-friendly behavioral health clinicians in the area by establishing a sustaining service delivery program aimed at individuals not currently treated by other local providers.

**McLaren Northern Michigan Foundation**

Behavioral Health Workforce Development | \$464,040

To develop a comprehensive behavioral health continuum of care focused on providing Michigan patients with the right treatment, at the right time, in the appropriate setting.

**Orchards Children's Services**

Healing in Wayne: An Innovative Trauma Treatment Program | \$500,000

To expand access to Eye Movement Desensitization and Reprocessing therapy, an evidence-based treatment model, for children in foster care who experience trauma.

**Pine Rest Christian Mental Health Services**

Innovations to Improve Access in Pediatric Behavioral Health | \$500,000

To improve access to pediatric behavioral health treatment through the implementation of innovative workforce development activities, integrated care training, and improved systemic collaboration.

**Sacred Heart Rehabilitation Center, Inc.**

On-Demand Whole HealthCare | \$320,075

To increase access to substance use disorder treatment services, with a focus on medication assisted treatment, through telehealth.

**Saginaw Valley State University**

More Access to Mental Health with a New Care Delivery Model | \$245,457

To enhance performance, safely increase the number of people treated, and expand

access to mental health services by systematically introducing “buffers,” or operational improvements for clinic-based workflows.

**Senior Resources of West Michigan**

Behavioral Health at Home | \$285,000

To meet the needs of homebound older adults by enhancing in-home telehealth counseling with on-site assistance by a community health worker and providing therapy in the homes of homebound individuals.

**The Regents of the University of Michigan**

Implementing Collaborative Care in School Based Clinics | \$500,000

To adapt and implement the Collaborative Care Model to improve access to team-based mental health care in School Based Health Centers across the state.

**2022 HEALTHY AGING INITIATIVE GRANTS**

**Area Agency on Aging 1-B**

Caregiver Respite Voucher Program | \$309,175

To address the lack of affordable and accessible respite care options for family and informal caregivers of older adults through respite voucher funds. The grant is co-funded with support from the Ralph C. Wilson Jr. Foundation.

**Baldwin Family Health Care**

Using Telehealth to Improve Access to Care, Quality Outcomes | \$145,000

To support older adults with chronic conditions through outreach workers, who will help provide primary care, behavioral health, and pharmacy services through virtual consults.

**Detroit Area Agency on Aging**

Inclusive Health Care Partners-in-Action | \$300,000

To address health disparities, coordinate and integrate services, and expand access to technology for older residents and caregivers through community engagement.

**Family Service and Children's Aid**

Jackson County Guardian Wraparound Program | \$410,395

To work with local courts, Adult Protective Services, Lifeways Community Mental Health, and other service providers to proactively serve vulnerable older adults in the community that are at-risk for guardianship.

**Greater Flint Health Coalition**

Age Friendly Wellness Councils to Improve Senior Health | \$337,425

To build an innovative, community- and person-centered program that will establish 10 age-friendly councils across Genesee County to improve the health and well-being of older adults.

**Henry Ford Health System**

Telehealth Curriculum Pilot | \$374,463

To create, implement and evaluate a telehealth curriculum with three Southeast Michigan residency programs.

**Hospice of the Eastern Upper Peninsula**

Test Run: Tripling Volunteer Caregivers for Michigan Seniors | \$150,000

To develop a network of volunteer caregivers to combat isolation and help homebound individuals maintain their independence to age in place.

**Livingston County Catholic Charities**

Rural Outreach Specialist and Case Manager | \$139,916

To conduct outreach in underserved areas and connect older adults to a broad array of available federal, state and community-based services.

**Marlette Regional Hospital**

Senior Living Community Outreach Project | \$51,506

To improve social connection and improve access to health care for older adults who are receiving long-term care in both residential care settings and in the community.

**Metro Solutions Inc.**

Expanding the MiEC Framework | \$423,607

To connect families with trained eldercare coordinators who help reframe conflicts, putting the needs and wishes of the person receiving care at the center of decision-making.

**Michigan Advocacy Program**

Michigan Guardianship Diversion Program | \$134,300

To bring together key stakeholders that serve older adults and people with disabilities to plan a guardianship diversion pilot project that will be implemented in select Michigan probate courts.

**Michigan Coalition Against Homelessness**

Integrated Housing Solution | \$451,628

To use data integration and enhanced communication to strengthen collaborations between housing and health care partners for homeless older adults in Oakland County and beyond.

**Michigan Public Health Institute**

Connecting Workers, Adults, and Caregivers for Care at Home | \$431,570

To partner with CareLinx, an online platform that allows care workers to control their working conditions and provides families peace of mind through rigorous vetting and training.

**Michigan State University**

Expanding Dementia Care Support in Underserved Communities | \$333,096

To address the disparities in dementia support and services in rural communities and ethnic minority populations through a technology-assisted model built on university and community partnerships.

**Michigan State University**

Supporting Older Adult Digital Literacy and Health Equity | \$96,994

To expand older adult use of technology to access online health resources such as telehealth, enhance social connections, and reduce the negative health outcomes associated with isolation and loneliness.

**Presbyterian Villages of Michigan Foundation**

Improve Social Connection to Reduce Loneliness in Elderly | \$466,047

To bring together current and future healthcare professionals to connect with older adults, recognize social isolation, and share community resources.

**Progressive Lifestyles, Inc.**

A Confident Journey When Newly Diagnosed with Dementia | \$500,000

To address the lack of post-diagnosis resources and support for those living with dementia and their families, championed by people living with dementia.

**Region II Commission on Services to the Aging**

Combating Elder Abuse for Healthy Aging Statewide | \$275,190

To facilitate the replication of the successful Safe Haven program to other areas of Michigan, securing safe housing for abuse victims and engaging in a team-based approach to service delivery.

**Region IV Area Agency on Aging**

Integrated Care at Home | \$500,000

To develop and launch a medical provider program offering physical and behavioral health care and care management services in coordination with home and community-based services.

**Reliance Community Care Partners**

3-Tier MICare Model Expansion across Michigan MI Choice | \$249,700

To implement a three-tiered evidence-based model of care that supports older adults and their caregivers to improve health and maximize independence.

**Senior Care Partners P.A.C.E.**

Advanced Care Planning Integration | \$124,000

To give older adults and caregivers tools to have honest conversations about the older adults' ongoing care, ensuring their wishes are known and honored.

**Services and Advocacy for Gay, Lesbian, Bisexual and Transgender Elders Inc.**

Transgender Aging and Intergenerational Engagement Resources | \$349,900

To improve health equity, access, and quality of life for older LGBTQ+ adults across Michigan by educating caregivers and expanding successful training and timebanking programs.

**UPCAP Services, Inc.**

Regional Caregiver Resource Center – A Rural Model | \$300,000

To develop and implement a new caregiver resource center that will improve family caregivers' wellbeing through expanded awareness, outreach and education, and connection to evidence-based caregiving programs and services.

**Wayne State University**

Hope for Aging Caregivers | \$400,000

To improve the lives of aging family caregivers of adults with intellectual and developmental disabilities by implementing a peer-to-peer approach that coordinates care, yields cost savings, and fosters system change.

**Wayne State University**

Integrating Financial Exploitation Prevention | \$319,954

To scale a successful financial exploitation risk identification and prevention program across various settings that serve older adults and caregivers, and to develop best practices in financial exploitation detection and reporting.

**Western Michigan University**

Support Program for College Students as Dementia Caregivers | \$148,440

To provide psychoeducational and health literacy skills to support college students who are caregivers for family members with dementia.

**2022 MATERNAL & INFANT HEALTH GRANTS****Battle Creek Community Foundation**

PHA Frontline Provider PMAD Training | \$280,970

To provide underserved pregnant and postpartum persons in Calhoun County with increased and accessible access to specialized mental healthcare screening.

**Central Michigan University**

Project Expand: Expanding Access to Group Prenatal Care | \$318,767

To increase access to group prenatal care in socioeconomically disadvantaged communities of mid/central Michigan.

**Henry Ford Health System**

WIN Network: An Evidence-Based Expansion | \$300,000

To reduce disparities in infant mortality by addressing preterm birth and low birth weights through the increased accessibility to group prenatal care in Berrien, Oakland, and Wayne Counties.

**Hillsdale Hospital**

Centering Pregnancy | \$80,000

To establish a centering pregnancy-group prenatal care model in rural communities to provide an underserved population with care that engages patients in their prenatal and postpartum healthcare.

**Michigan Breast Feeding Network**

“No Mom Left Behind” YOLO Clinic Model | \$150,000

To plan and implement a prenatal and postpartum clinic in Flint that will address Black maternal health concerns such as preeclampsia, postpartum mood disorders, and barriers to breastfeeding.

**Michigan Public Health Institute**

Expanding ACEs-Informed Care in MI’s Home Visiting System | \$352,623

To expand statewide use of Adverse Childhood Experiences prevention resources in maternal, infant, and early childhood home visiting.

### **Michigan State University**

Addressing Disparities: Hypertension Disorders of Pregnancy | \$367,190

To reduce barriers and improve timely access to quality care for Medicaid-insured women of color by integrating a hypertension disorders of pregnancy intervention into community home visiting and clinical sites.

### **Oakland University**

Clinician and Community Interventions to Address Syphilis | \$146,064

To reduce syphilis rates through community-informed prevention that increases awareness about risks, testing, and treatment of syphilis among women of childbearing age.

### **Wayne State University**

MI AIM | \$500,000

To reduce disparities in maternal morbidity and mortality by assuring access to consistent healthcare for all birthing families through initiatives in the 10 lowest performing birthing sites across the state.

## **2022 NUTRITION & HEALTHY LIFESTYLES GRANTS**

### **Communities In Schools of Michigan**

Student Voices for Healthy Choices | \$490,384

To guide Student Wellness Teams to identify student needs within the school community, explore prospective community partners, and evaluate how to incorporate community engagement into student health.

### **Community Food Club**

Community Food Club Replication Initiative | \$213,492

To serve food insecure families by establishing food clubs in communities that have a high incidence of food insecurity.

### **Crim Fitness Foundation**

Community Building for a Healthier Flint & Genesee County | \$468,799

To help Flint families successfully advocate for the health of their families and neighborhoods through neighborhood improvement and zoning code education and advocacy, research on dangerous traffic conditions, and school-based garden committees.

### **Detroit Public Schools Foundation**

DPSCD Horticulture Career Pathways Program | \$374,000

To ensure all students have the opportunity to be college-and-career ready by improving curriculum alignment, post-secondary opportunities, and work-based learning in the creation of a Horticulture Career Pathways Program.

### **Fair Food Network**

Evaluation and Capacity Building for Community Engagement | \$192,500

To provide accountability/integrity to program evaluation and move programs to a community-driven model.

### **Family Service and Children's Aid**

A Systems Approach to Black Food Sovereignty in Jackson, MI | \$488,400

To engage the Black community to create systemic approaches to strengthen the Black local food system infrastructure, including growing and producing food and increasing ownership of food-related businesses and retail.

### **Food Bank Council of Michigan**

Refining a Sustainable Model for Fresh Food Pharmacies | \$499,347

To refine a model for fresh food access in FQHCs through a sustainable funding strategy for food as medicine in conjunction with the Michigan Department of Health and Human Services, the Michigan Association of Health Plans, and the Michigan Primary Care Association.

### **Health Emergency Lifeline Programs**

Keep It Movin' for LGBTQ+ Health | \$375,937

To address LGBTQ health disparities in hypertension, diabetes, and obesity through planning, implementing, and sharing physical activity interventions in Southeast Michigan.

### **Health Net of West Michigan**

Scaling FitKids360 Mentor Garden Program | \$455,598

To scale and replicate the FitKids360 Youth Mentor Garden program to two additional FitKids360 sites, adding more hands-on mental health activities, including recreational therapy and team building activities.

### **Ishpeming Public School District**

Building Ishpeming's re:Generate Initiative | \$362,447

To implement nutritional programming for local youth and seniors and increase access to affordable produce in schools, senior housing facilities, and the Ishpeming community.

### **Leaders Advancing and Helping Communities**

Food Connections: Multigenerational Health & Wellness | \$150,000

To establish a hub of health and wellness services in Dearborn to provide nutrition education, physical wellness, and cooking programming.

### **Marquette-Alger RESA**

LIFT-UP: Locally Integrated Food Teams in the UP | \$390,208

To position students to propose and carry out healthy changes in their school food ecosystem by increasing the availability of fresh, local food.

### **Michigan Department of Health and Human Services**

Michigan Active Communities | \$250,000

To convene and prepare multidisciplinary teams across Michigan to pursue policy, system, and environmental supports to increase access to physical activity opportunities.

### **Michigan State University**

Eat My ABCs: Integrate healthy eating into school readiness | \$250,000

To evolve the 14-week “Eat My ABCs” curriculum, which promotes lifelong healthy habits in children, to be exclusively implemented by community members to ensure project sustainability.

### **Michigan State University**

Nourishing Indigenous Children with Cultural Health & Equity | \$500,000

To develop culturally appropriate lessons, educational materials, and activities that will impact Indigenous children and families through Michigan’s Tribal Home Visiting and Head Start programs.

### **Muskegon Area Intermediate School District**

Muskegon County Creating Healthy Schools | \$355,609

To decrease childhood obesity through sustainable, systemic change in Muskegon schools by equipping students with the skills to develop healthy eating habits.

### **Oakland University**

Tech Rx: Increasing produce prescription program efficacy | \$499,996

To build a technology platform to streamline program management that will improve the cost-effectiveness of produce prescription programs, provide better evaluation data across programs, and improve program sustainability.

### **Oakland University**

Pontiac STEPS that Support Active Living | \$250,000

To address the environmental conditions that impact active lifestyles through partnerships and capacity building for Pontiac organizations.

### **Saginaw County Health Department**

Step Up Saginaw: Physical Activity & Nutrition Education | \$150,000

To provide Saginaw County residents access to physical activity and healthy eating programs through education, engagement, and improved access.

### **The Regents of the University of Michigan**

Statewide dissemination and implementation of InPACT | \$499,721

To implement the InPACT program in every elementary school in Michigan to promote a system-wide increase in youth physical activity levels.

## **2022 SPECIAL PROJECTS & EMERGING IDEAS INITIATIVE GRANTS**

### **Michigan Center for Rural Health**

Enhancing RPM in Independent Rural Hospitals | \$499,000

To pilot a remote patient monitoring and chronic care management platform to improve access to care for older rural residents.

### **The Regents of the University of Michigan in partnership with the Michigan Chapter – American Academy of Pediatrics**

EMR Early On Referral Project | \$274,422

To integrate an eFax referral template into the existing electronic medical record, allowing pediatricians and family practice providers to seamlessly refer patients to Early On.

**Michigan Department of Health and Human Services**

CCBHC Demonstration Evaluation | \$495,610

To evaluate Michigan's CCBHC demonstration to determine their impact on improving access to care.

**Michigan Department of Health and Human Services**

Doula Medicaid Liaison | \$500,000

To prepare existing and potential doulas across the state with knowledge, skills, and support to navigate the Medicaid healthcare landscape.

**Michigan Department of Health and Human Services**

Grief & Bereavement: Maternal Infant Health Response | \$490,000

To support regional collaborative teams to create local bereavement support networks for bereaved families as well as staff experiencing secondary trauma.

**Michigan Department of Health and Human Services**

Medicaid Beneficiary Engagement | \$78,650

To support an environmental scan to identify barriers or gaps across Medicaid programs through the establishment of a Medicaid Beneficiary Engagement Planning Team.

**Michigan Department of Health and Human Services**

Preventing Child Abuse through Housing Stability | \$500,000

To address housing and homelessness as risk-factors for child abuse and neglect through data-driven identification practices, prioritizing more intensive services, housing, and care coordination.

**Michigan Health Council**

Solution Collaborative: Building Health Workforce Capacity | \$361,106

To organize private and public-sector decision-makers to build health workforce capacity together.

**Michigan Primary Care Association**

Dental Therapy Education Scholarship Program | \$250,000

To address oral health disparities through the development of a dental therapist scholarship fund to support the training of the first dental therapists in Michigan.

**Michigan Public Health Institute**

Exploring School Food Systems to Improve Meal Quality | \$499,786

To provide Michigan school food service directors and managers with actionable strategies to improve school food quality through fresh and local produce.

## 2022 COMMUNITY HEALTH IMPACT GRANTS

### COLLABORATION PLANNING PROJECTS

#### **Birth Detroit**

Community Based Birth: A Strategy for Healthcare Access | \$99,661

#### **Corewell Health Foundation West Michigan**

Advancing Breastfeeding Justice in Kent County | \$95,578

#### **District Health Department #10**

North Central Network: Expanding Capacity for Collaboration | \$100,000

#### **Generations United**

Ypsilanti Intergenerational Community Solutions Institute | \$65,346

#### **Grand Traverse Regional Community Foundation**

Voices Integrated, Informed, and Amplified | \$100,000
